Handheld Laser Welding Machine

Portable fiber laser welding

The Taokron Handheld Laser Welding Machine provides portable, high-precision laser welding for duct fabrication and repair. Features a 1064 nm wavelength and water cooling. Operates at 10–40°C with flat surface installation requirements. Ideal for on-site welding work.

Technical specifications

Parameter	Specification
Power supply	220V±10% AC 50/60Hz
Operating temperature	10–40°C
Operating humidity	≤70%
Cooling method	Water cooling
Wavelength	1064 nm (±10 nm)
Collimation	D20×5/F60

HVAC duct machinery since 1995 · Australian office: Box Hill North, VIC · ISO 9001:2015 · CE certified · 5,000+ machines installed in 100+ countries
