

# Handheld Laser Welding Machine

Portable fiber laser welding

The Taokron Handheld Laser Welding Machine provides portable, high-precision laser welding for duct fabrication and repair. Features a 1064 nm wavelength and water cooling. Operates at 10–40°C with flat surface installation requirements. Ideal for on-site welding work.

## Technical specifications

| Parameter             | Specification       |
|-----------------------|---------------------|
| Power supply          | 220V±10% AC 50/60Hz |
| Operating temperature | 10–40°C             |
| Operating humidity    | ≤70%                |
| Cooling method        | Water cooling       |
| Wavelength            | 1064 nm (±10 nm)    |
| Collimation           | D20×5/F60           |

**Australian supplier** of HVAC duct machinery · manufacturing since 1995 · ISO 9001:2015 · CE certified · 5,000+ machines installed in 100+ countries
